

BMX HEX is a Team which was originally started, and is currently active in the U.S. in the National Series of the ABA. The Canadian chapter has been around for a number of years now and is also a National Team concentrating on the Canadian Series of the ABA. We are made up of various rider ages and skill levels from around the province of B.C. We will be putting in a Team to all Canadian National Races this year as well as at the Kelowna BMX Local Series.

Our goal has always been to be competitive, but along with that, our priorities are to have fun, display good sportsmanship, and provide a family atmosphere.

We are currently looking for rider's who are dedicated to the sport, are active at their track and who love to ride.

If you are looking to join a team this year, increase your skill level and get good advice from experienced rider's we may be a good fit.

Interested rider's should send an email to BMX HEX [bmhex_canada@hotmail.com] .
